## Circle Parking

Parking on the inside circle of a cul-de-sac is a county violation. Section 21.221(a)(18) of the Howard County Code states: **An individual may not stop, stand, or park a vehicle adjacent to the center island of a cul-de-sac.**

Recently a fire truck and an ambulance were stuck in a Clemens Crossing cul-de-sac, because cars had parked on the inside circle.

## July 4<sup>th</sup>

Howard County and CA have planned a first-class July 4<sup>th</sup> celebration this year.

The Festival will kickoff at 5pm with children's entertainment featuring a puppet theater, The Kinderman, and stilt man Wes Holly. Children will also enjoy carnival games and crafts, all with a "Stars & Stripes" theme. Beginning at 7:30pm, the main stage will host a performance by Cruise, a "classy rock" group.

Fireworks will begin at 9:30pm. The rain date for the fireworks only is July 5<sup>th</sup>.

## Atholton HS Issue

County traffic engineers met with concerned Atholton parents on May 24 at the school to discuss possible solutions to morning traffic jams at the school and dangerous conditions at the Freetown/Quarterstaff intersection.

The county representatives discussed adding several new entrances to the school parking lots from both Freetown Road and Harriet Tubman. They also suggested painting a north/south median at the troublesome intersection. The median would allow east/west vehicles to enter Freetown Road midway and wait for an opening in the opposite lane.
